

# Serger Pepper

DESIGNS

Let me introduce you to the biggest collections of serger // overlockers resources from all around the web.

I often find myself google-ing for new serger techniques, cute serger projects and the best time-saving serger tips, so I thought I could save you some time, collecting here my favorite serger resources: only the best of the best.

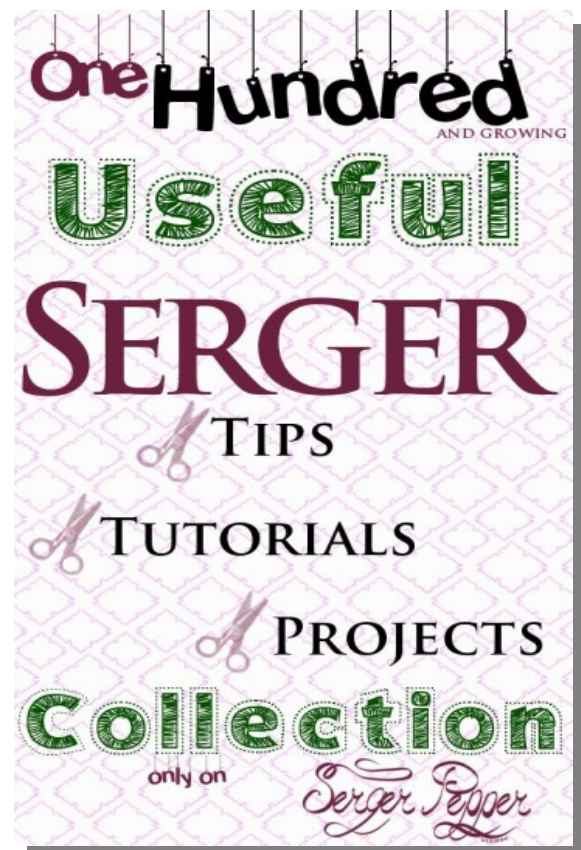

You can find them on my [Serger Board on Pinterest](#) too (suggestion: follow it to get your Pinterest feed enriched by all the useful serger pins I will go on collecting for me and you!).

Some of the resources are specifically talking about a brand/model: please note that, if you have a different machine, you may need to change some settings! Most of the times, you'll learn something you can use: I've never found a tutorial about my own serger brand/model, but I've been able to learn a huge lot from these resources!

*Just a little premise: links marked with an asterisk are affiliate links.*

*That means that if you buy through them I get a small percentage at NO ADDED COST for you.*

*Thanks for using them for your purchases, it means a lot to me!*

PLEASE DO NOT FORWARD THIS FILE TO YOUR FRIENDS, SUGGEST THEM TO [SUBSCRIBE TO MY NEWSLETTER](#), INSTEAD!  
THANK YOU SO MUCH,
